EXECUTIVE PRÊT-À-PORTER

La sartorialità Codutti subito disponibile.

Attiva è molto più di una collezione direzionale, è un vero e proprio programma dove la nutrita combinazione di geometrie, finiture, colori e materiali consente la realizzazione di composizioni liberamente creative. Un programma pensato per accompagnare il cliente nelle sue esigenze più specifiche, con un'offerta economicamente corretta e tempi di consegna di poco superiori alle soluzioni di serie.

In Attiva c'è tutto Codutti: i nostri sessant'anni di esperienza nella selezione dei materiali più prestigiosi, la cura artigianale dei dettagli, l'innovazione tecnologica, l'attenzione al benessere e al comfort nell'ambiente di lavoro.

The tailored range by Codutti, available right now.

Attiva is much more than an executive collection; it is an authentic program with a rich combination of shapes, finishes, colours and materials, making it possible to achieve freely creative layouts. A program devised to accompany clients in their more specific requirements, with a range that is both cost effective and with delivery times just slightly over series production solutions.

Attiva has all of Codutti: our 60 years of experience in selecting prime materials, the artisan's attention to detail, tech innovations, attention to wellness and comfort in the workplace.

A T T I V A

Attiva è il nuovo programma direzionale che porta creatività, benessere e dinamismo negli spazi di lavoro.

È la reinterpretazione in chiave moderna, con un design caratterizzante in perfetto stile Codutti, degli stilemi che il mercato richiede per i direzionali *entry level*.

Il tratto distintivo della collezione è il raffinato profilo in alluminio lucido che illumina l'incontro dei piani a 45°. La stessa luce si trova nei dettagli cromati e nelle maniglie che piacevolmente contrastano con le inedite finiture *matt* delle superfici, o che si riflettono sui piani in vetro.

Una dedicata collezione di sedute e divani dal design fresco e armonioso arricchiscono la proposta, coordinata dagli accessori in cuoio rifiniti a mano come da tradizione.

Attiva is a new executive program that brings creativity, wellness and dynamism to the workspace.

A modern reworking of the styles demanded by the marketplace for entry-level executive furnishings, but with the characteristic flavour of perfect Codutti style.

The distinguishing feature of the collection is its elegant polished aluminium profile, which brightens the 45° joint between tops. The same brightness can be found in the chrome details and handles that provide an eye-catching contrast with the brand new matt surface finishes, or which are reflected in the glass tops.

A dedicated collection of chairs and sofas with cool, harmonious designs to enrich the range, coordinate with the accessories in leather with traditional hand finish.

Il Programma ATTIVA

Il programma ATTIVA prevede 4 diverse geometrie per i supporti del top.

Classica la Pannellata, con fianco collegato a 90° tramite un profilo sagomato in alluminio lucido.

Moderne le varianti a Ponte e Anello in tubo triangolare, disponibili sia in versione cromata che in versione verniciata.

Innovativa la Conica, con gambe in acciaio a sezione semiellittica, da scegliere fra verniciate o rivestite in cuoio.

Tre sono i materiali per i top, le ante, i frontali e i controfianchi: legno frassino nelle finiture corda e terra; laccato sabbia e piombo; melaminico bianco, noce e wengè. E ancora, per i soli top, il vetro laccato bianco o nero.

The ATTIVA program

The ATTIVA program includes 4 different shapes for top supports.

The classic Panelled, with side panel connected at 90° using a shaped profile in polished aluminium.

Modern variations, Bridge and Ring in triangular tubing, available in both chrome and painted versions.

Cutting-edge Conical model, with steel semi-oval section legs with a choice of painted finish or leather covering.

There are three materials for tops, doors, fronts and side supports: ash wood in the finishes corda and terra; lacquered sand and gunmetal; white melamine, walnut and wengè. And again, for the tops only, black or white lacquered glass.
